The DuBois Club was Bombed

The DuBois Club is a Socialist youth organization which led the Mels Drive-In demonstrations, and played a big part in the auto row and Sheraton Palace sit-ins. It was established in the Fillmore District several years ago. Nationally it has fought for peace, jobs and freedom.

Last night the San Francisco office was bombed by the same kind of people who are bombing churches in the south, forcing segregation in the north, and are for continuing the War in Vietnam. That was done because the government just said the DuBois Club is a Communist front organization. THAT'S A LIE!

Come to the press conference tomorrow at 12:00 Noon in front of our bombed out clubhouse at 954 McAllister Street to find out why.
