Stipend Agreement

Please read before signing this agreement:

This federal grant stipulates that all students who receive stipend support are required to perform two years of paid teaching/service in the field of the endorsement (upon completion) for every one year that support was provided. Candidates are expected to make this commitment in advance of receiving support. They are not limited to any geographic location for the completion of this requirement following graduation. Further, candidates will be required to pay back the financial support if they do not complete these teaching years.
